GQA Level 1 Diploma in Health and Safety and Environmental Awareness in a Glass Processing or Fabrication Working Environment
610/2813/7

Who is this qualification for?

The qualification is suitable for those working in, or looking to work in a Glass Processing or Fabrication role. The aim of this qualification is to provide the candidates with an awareness of the importance of understanding and complying with health and safety practice and awareness of the environmental impact within a glass processing or fabrication working environment. This covers candidates who are working in glass processing areas and also those working in a fabrication workshop. The qualification will focus on providing the candidates with information relating to: the reason for health and safety in the workplace, health and safety law and regulations, hazards and risks in the workplace, what a healthy and safe working environment is, fire safety, electrical safety, first aid, noise and vibration, personal protective equipment, hazardous substances, vehicle safety, environmental impact and workplace stress.

What is required from candidates?

GQA qualifications are made up of a number of units that have a credit value or credits. This qualification has 1 mandatory unit, with a value of 4 credits.

Qualifications are now required to indicate the total qualification time (TQT), this is to show the typical time it will take someone to attain the required skills and knowledge to meet the qualification criteria, this qualification has a TQT of 45 hours.

Assessment Guidance

Evidence should show that you can complete all of the learning outcomes and assessment criteria

Types of evidence:

This is a knowledge only qualification. Evidence of knowledge can be demonstrated through a combination of written responses to questions, oral Q&A sessions, or guided discussions. Verbal evidence should be audio/video recorded and be fully auditable

Please Note that photocopied or downloaded documents such as manufacturers' or industry guidance, H&S policies, Risk Assessments etc, are not normally acceptable evidence for GQA qualifications unless accompanied by a record of a professional discussion or Assessor statement confirming candidate knowledge of the subject. If you are in any doubt about the validity of evidence, please contact your GQA EQA.
