Qualification achievement

Although it is not expected that all workers will complete the same tasks, there are 6 mandatory units with a total credit value of 31 credits.

Qualifications are now required to indicate the total qualification time (TQT), this is to show the typical time it will take someone to attain the required skills and knowledge to meet the qualification criteria, this qualification has a TQT of 310 hours.

Qualifications are also required to indicate the number of hours of teaching someone would normally need to receive in order to gain the skills and knowledge to achieve the qualification. These are referred to as Guided Learning Hours (GLH). The GLH for this qualification is 164.

The unit of assessment sets out learning outcomes which describe what learners need to be able to do and understand. Learning outcomes are defined by assessment criteria which are used to assess competence, expressed as skills achieved and learned knowledge and understanding, to achieve the units.

GQA Qualifications will issue a certificate complete with the learner's name, the qualification and unit title(s) and the credits achieved.
