

Qualification Specification

GQA Level 3 Level 3 Diploma in Inspection of Fire Resistant Doorsets

Qualification Number: 610/5282/6

Who is this qualification for?

This qualification is aimed at individuals wishing to prove they have the level and range of knowledge and skills to be able to prepare for and carry out inspections of different types of fire resistant doorsets.

This qualification is at Level 3, although some units may be at different levels and should be taken by those who are fully trained to deal with a range of tasks and situations associated with the inspection of fire resistant doorsets. This will include preparing to carry out the inspection, carrying out the inspection and preparing a report on the outcome of the inspection. The candidate will also need to demonstrate knowledge of health and safety requirements, recognising different types of fire resistant doorsets, awareness of the different components and materials found in fire resistant doorsets, how to deal with potential conflicts with a range of people, effective communication and how to plan and undertake Continuous Professional Development.

The candidate will need to be able to carry out all of the activities in line with current legislation relating to the inspection of fire resistant doorsets

Candidates for this qualification will primarily be carrying out inspections of fire resistant doorsets in a range of settings. They will be involved in planning, preparing, inspecting and reporting aspects of the fire resistant doorset inspection process

Entry requirements

There are no formal entry requirements for learners undertaking this qualification, however individuals must be carrying out the role of a fire resistant doorset inspector that will enable them to show they have the required competence and knowledge to meet the qualification aims

Qualification support

This qualification has been designed and developed by GQA Qualifications with industry support.

Regulatory information

Countries offered in:	England, N. Ireland
Qualification type:	Technical Occupational qualification
Subject/sector areas	Construction
Qualification operational start date:	
Applicable age ranges (years):	18+

Qualification achievement

Individuals must complete all of the Mandatory Units

The minimum credit value of the qualification is 65 credits.

Qualifications are now required to indicate the total qualification time (TQT), this is to show the typical time it will take someone to attain the required skills and knowledge to meet the qualification criteria. The minimum TQT for this qualification is 650 hours.

Qualifications are also required to indicate the number of hours of teaching someone would normally need to receive in order to achieve the qualification. These are referred to as Guided Learning Hours (GLH). The minimum GLH for this qualification is 313

The unit of assessment sets out learning outcomes which describe what learners need to understand, and the assessment methods to be used. On successful completion GQA Qualifications will issue a certificate complete with the learner's name, the qualification and unit title and the credits achieved.

Qualification Structure

Qualification Title:		GQA Level 3 Diploma in Inspection of Fire Resistant Doorsets				
Qualification Number (QAN):		610/5282/6				
Total Credits:		65	Total Qualification Time (TQT)		650	
			Guided Learning Hours (GLH)		313	
Qualification Mandatory Units						
Unit Number	Internal Ref	Title			Level	Credit
H/651/4752	FDI01	Regulations, Legislation, Codes of Practice and Standards Relating to Fire Resistant Doorset Inspections			4	7
